Business Combination Between Praxair and Linde AG Successfully Completed

Guildford, UK (31 October 2018) – Linde plc (NYSE: LIN; FWB: LIN) announced today the successful completion of the business combination between Praxair and Linde AG.

Starting today, Linde plc shares will commence trading on the New York Stock Exchange under the stock ticker symbol "LIN". On the Frankfurt Stock Exchange, Linde plc commenced trading on 29 October 2018 also under the ticker symbol "LIN". Both Praxair and Linde AG tendered shares have been delisted from the New York and Frankfurt Stock Exchange respectively. Concurrent to the delisting of Linde AG tendered shares, the stock ticker symbol for Linde AG untendered shares has changed to "LNA" and continues to be listed on the Frankfurt Stock Exchange.

As part of the business combination agreement, Praxair shareholders received one share of Linde plc for each Praxair share they had held. Linde AG shareholders who accepted the exchange offer received 1.54 shares of Linde plc for each Linde AG share tendered under the exchange offer. Fractional shares will be aggregated and sold in accordance with the terms of the exchange offer document and the business combination agreement. Shareholders with fractional shares will receive cash in an amount representing such holder's proportionate interest in the net proceeds from the sale.

Now that the business combination has been completed, the companies will focus on finalising the divestitures required by the respective antitrust authorities. Necessary divestitures include, in particular, certain sales in the United States which Linde AG is required to complete by 29 January 2019. Until the completion of the majority of such divestitures, Linde AG and Praxair are obliged to operate their businesses globally as separate and independent companies, and not coordinate any of their commercial operations.
